Dear Jeff,

This board did not vote for this project. That was done 25 years ago.

The required zoning for this project was approved in 1995 prior to the development of Foxhead. As it is, Wegmans can develop this property for this use, by right, as long as it complies with existing ordinances.

Any Wegmans request for zoning action will be our opportunity to enhance existing proffered protections for neighboring properties.

Feel free to call if you wish to discuss this further,

Canova
